In this book, Sam and his friends, Lucy and Antonio, try and stop Orson Eerie, an evil mad scientist (who turned into the school!) from coming back in person! This time, Orson's plan is to come back in the freezing cold!

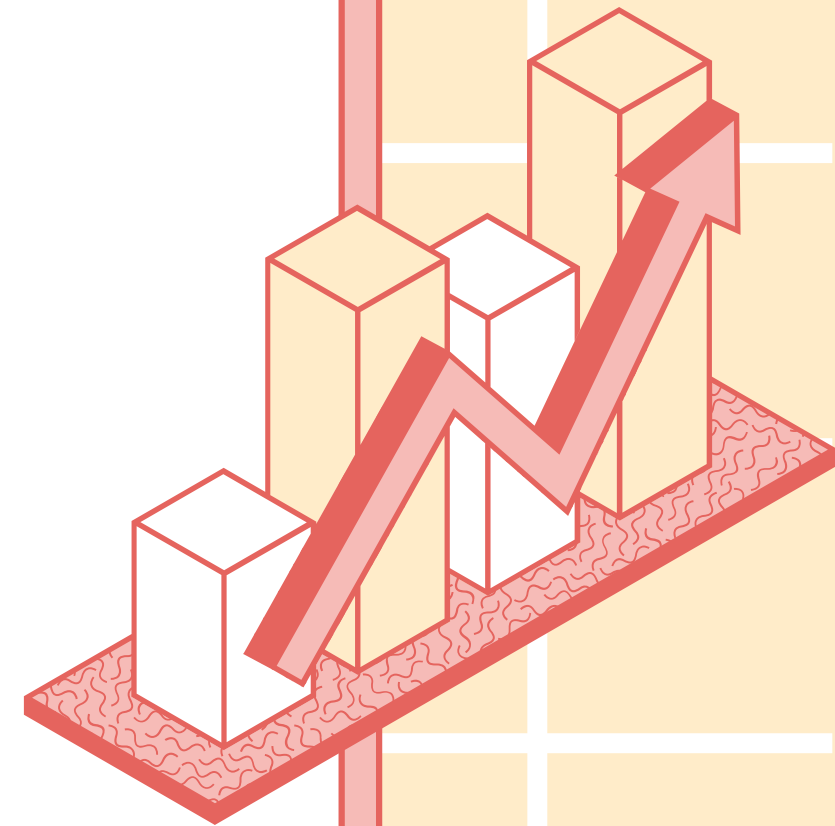

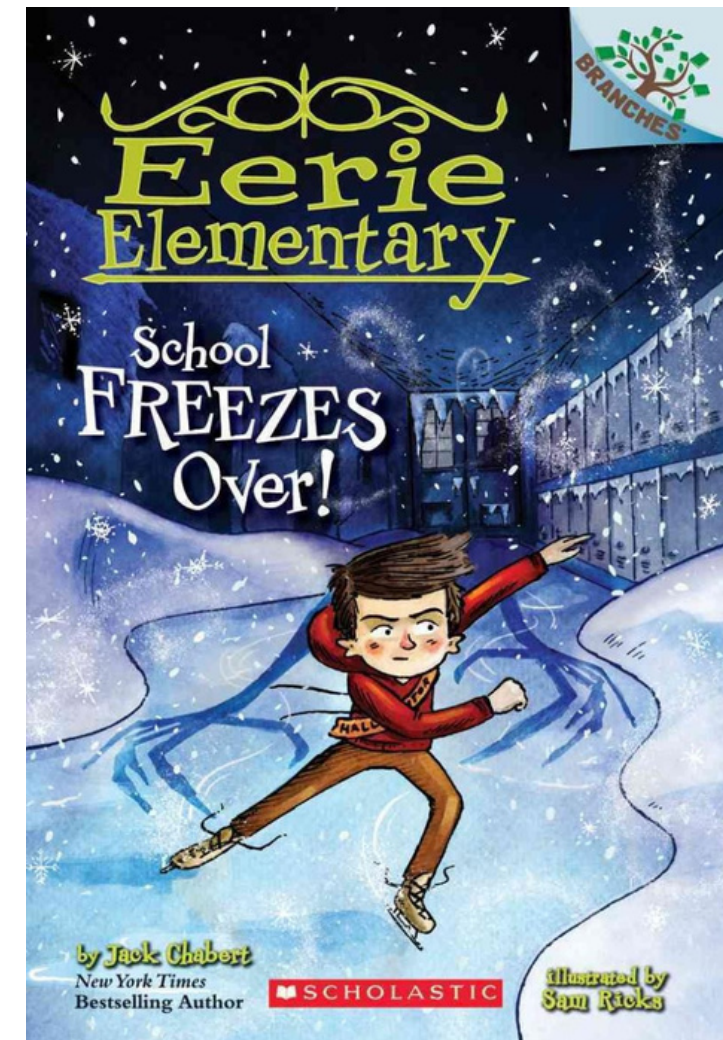

He creates a huge blizzard which soon  
infests the school. Icicles drip from the  
ceiling and the hallway floors turn to ice!

His book says he will return at 13  
degrees! Will Sam and his friends  
unfreeze the thermostat in time in this  
heart racing adventure book?
